PROFESSIONAL SUMMARY

Computer Science and Engineering (Data Science) undergraduate with hands-on experience in frontend development and data analytics through internships and collaborative projects. Working knowledge of Python, HTML, CSS, SQL, Pandas, Excel and Power BI. Seeking opportunities in software development, data analytics and data science.

EDUCATION

Atria Institute of Technology *Expected 2028*

B.E., Computer Science and Engineering (Data Science)

Seshadripuram Composite Pre-University College *2024*

Class XII (PCMC) – 91.6%

St. Mary's Girls' High School *2022*

Class X – 98.4%

INTERNSHIP EXPERIENCE

Web Development Intern – VasudevCore (Remote) *30 September 2026 – Present*

- Contributing to the development of a real-world school website for MES Convent and English High School, Thavarekere, as part of an intern team under professional guidance.
- Working with HTML, CSS and JavaScript on a collaborative website project; the website is deployed at https://mesconventtvk.com/

Data Analyst Intern – SkillCraft Technology (Remote) *15 May 2026 – 14 June 2026*

- Completed hands-on tasks in data cleaning, exploratory data analysis and data visualization using Python, Pandas, Microsoft Excel and Power BI.

PROJECTS

MES Convent and English High School Website *Completed and deployed*

- Collaborated with fellow interns to develop and deploy a school website using HTML, CSS and JavaScript.

Smart Bus Crowd Management System *In progress*

- Developing a concept to display BMTC bus crowd levels and occupancy information to support more informed public-transport decisions.

Dairy Cooperative Pricing Engine *In progress*

- A collaborative project focused on milk pricing rules, rate charts, interpolation and member payment calculations.

GestureVerse – Hand-Gesture-Based Exploration Experience *In progress*

- Exploring an interactive experience that uses hand gestures for drawing and navigation, with MediaPipe hand tracking.

TECHNICAL SKILLS

Programming & Web: Python, C, HTML, CSS

Data & Analytics: Pandas, SQL, Microsoft Excel, Power BI

Tools: VS Code, Git, GitHub, Jupyter Notebook

Skill level: Familiar / working knowledge across the listed technologies.

CERTIFICATIONS

- **Infosys Springboard**: Python Programming; Data Structures & Algorithms; Cloud Computing
- **Deloitte** – Data Analytics Job Simulation (Forage)
- **SkillCraft Technology** – Data Analyst Internship Completion Certificate and Letter of Recommendation

LEADERSHIP & ACTIVITIES

- Member, Rotaract Club, Atria Institute of Technology – participated in volunteering and social service activities.

LANGUAGES

English, Kannada, Hindi
